RE: CIVIL ACTION NUMBER 07-2867(NLH), MDL #1850

Honorable Judge Hillman

08 JUN 24 A 11:05
UNITED STATES DISTRICT COURT

Judge Hillman:

I have no concerns about the proposed monetary settlement, that is a form of punishment.
The thing that is completely missing here is the truth which to me is justice. As part of the plaintiffs accepting the monetary section, the defendants should have to provide facts & info to the public. This should include, in Del Montes case, details of their purchases from communist China, their quality control testing procedures, why they apparently did not detect contamination & if they did, why no immediate public response. Del Monte waited until the end of March 2007 to initiate a recall, my dog had been ill for 2 months before passing

on 3-20-07.

Without the truth this case is at 50% resolved.

Sincerely,

Warren Irwin
